The PIA Partnership — a joint effort of leading insurance carriers and PIA — develops hands-on tools for PIA member agencies such as:

- > **Closing the Gap — Growth & Profit.** The PIA Partnership's newest tool provides PIA members with calculators so they can project and plan for new business growth and profitability. Agencies are then offered three proven, turnkey approaches for improving retention, sales and account-rounding in their agencies.

- > **Practical Guide to Successful Planning.** This valuable resource helps agents plan for success within their own agencies and coordinate their plans with those of the carriers they represent.

Carrier relations

Because good relationships with the carriers you represent are vital to your success, PIA National keeps an open line of communication with insurance companies—and uses it on your behalf. PIA members can constructively voice their concerns, so carriers understand how their decisions affect their agency partners.

Our **Agency Agreement Review Service**, available to both PIA members and carriers, provides an opportunity for PIA to advocate for agents when carriers consider changes to their agreements. Staff highlights concerns for members to consider so they can make informed decisions about the agency agreements that govern their business relationships.

Through our ongoing activities with **The PIA Partnership**, PIA agent and insurance company leaders work together to identify areas of opportunity for PIA member agencies. The PIA Partnership then develops hands-on tools specifically designed for use by agents to help them achieve maximum success. Recent PIA member benefits from The PIA Partnership include Closing the Gap — Growth & Profit, Agency Touch Points — The Voice of the Customer, Reaching Gen Y, the Practical Guide to Successful Planning and Perpetuation Central. These programs are described at left.

Industry & business affairs

PIA National works with industry groups such as the Association for Cooperative Operations Research and Development (ACORD) and the Insurance Services Office (ISO) to improve processes and address challenges facing the insurance industry. In doing so, PIA works to ensure that changes are in the best interest of agents.

PIA also provides our members with practical guidance to help them keep their agency practices in compliance with insurance and general business regulations and more aligned to the way other agencies do business. Guidance is also provided to assist PIA members with protecting their ownership and control of agency expirations.

Legislative & regulatory outreach

Whether we like it or not, federal politics greatly affects our industry. That's why PIA National represents members' interests on Capitol Hill in Washington, D.C. Our lobbyists ensure that lawmakers understand insurance agents' positions and how legislation will affect voters back home.

PIA National works closely with regulatory and legislative entities across the country, including the National Association of Insurance Commissioners (NAIC), the National Conference of Insurance Legislators (NCOIL), and the National Conference of State Legislatures (NCSL), to ensure that the concerns of independent agents are addressed. PIA holds a seat on the board of the National Insurance Producer Registry (NIPR). PIA is a fixture in countless working groups aimed at modernizing and improving insurance regulation, healthcare reform, producer licensing, flood insurance, crop insurance, and natural disaster planning. PIA fights to protect agents' interests and ensure they have a seat at the table.

Here are some ways you can get involved:

- > **Grassroots alerts.** To ensure legislators feel the heat from their constituents, PIA occasionally organizes grassroots campaigns in which PIA members can easily send pre-written, fully-editable letters directly to their elected officials. Send one now by visiting www.piagrassroots.com.
- > **PIA Federal Legislative Summit.** The annual spring PIA Federal Legislative Summit (FLS) is a gathering of PIA members who come together in the nation's capital to meet with their elected representatives. It is an opportunity to meet/reacquaint yourself with your Members of Congress and to discuss issues that are of importance to independent insurance agents. Learn more by visiting www.piafls.com.
- > **District Lobbying Day...Capitol Hill in Your Backyard.** Every August, while Congress is in recess and our elected officials are back home in their district offices, PIA members have a special opportunity to positively impact the politics that shape their lives. They do this by meeting with their elected officials and promoting the points of view of Professional Insurance Agents. Resources for these meetings can be found on www.piadld.com.
- > **PIA Political Action Committee (PIAPAC).** PIAPAC is the Professional Insurance Agents Political Action Committee. The PAC contributes to the campaigns of candidates to federal office who share our pro-insurance, pro-business perspective and who support our issues. PIAPAC is funded by the contributions of individual PIA members. To learn more visit www.piapac.com.

PIA Insurance Foundation

The Professional Insurance Agents Insurance Foundation (c-3) strives to further the insurance knowledge and education of those engaged in the independent insurance agency system. Its most recent work product, entitled *Future of the Business Disciplines, Regulation and Oversight of the U.S. Insurance Marketplace*, is a white paper intended to assess the current status of insurance regulation and evaluate the range of potential reforms being discussed in Congress and throughout the insurance industry.
